ORDER:-

In the letter read above, the Chief Engineer, Minor Irrigation (T), Hyderabad has submitted an estimate for Rs. 74.20 lakh for the work “Repairs to Boddimamdi Cheru, Sirikonda Village and Mandal, Nizamabad District” stating that the Boddimamdi Cheru is an old MI tank constructed about 50 years back with a registered ayacut of 490 Acs and also feeds about seven tanks having an ayacut of 500 acres. This tank is supplying water to the ayacut of three villages and acting as balancing reservoir to feed the small tanks and improving ground water of surrounding villages. It is having 3 sluices to feed these tanks and also to feed the ayacut directly under the tank. The length of the tank bund is 800 m and at certain places, it is not upto TBL. For sluice no. 1 at ch 9.00, the downstream cistern which was constructed with CRs masonry was in dilapidated condition. The irrigation channels under sluice no. 1 and 2 are badly damaged and not to section. Therefore, it is proposed to strengthen the bund, re-construction of cistern of sluice no. 1, re-sectioning of irrigation channels, and construction of guide walls. The work is proposed under SCSP funds, as majority of ayacutdars belong to Scheduled Castes. Further, he has stated that no item of work is proposed under MGNREGP. Hence, he has requested to accord administrative approval for Rs. 74.20 lakhs under SCSP funds for the subject work.

2. Government after careful examination of the matter, hereby accord Administrative Approval for Rs. 74.20 lakh (Rupees seventy four lakh and twenty thousand only) for the work “Repairs to Boddimamdi Cheru, Sirikonda Village and Mandal, Nizamabad District”

3. The expenditure sanctioned at para 2 above, shall be debitable to the Head of account “4702-COL on MI Sources – MH 789 SCSP – GH 11 NSP – SH 21 Restoration of Minor Irrigation Tanks – 530 Major works – 531 OE”.

4. This order issues with the concurrence of Finance (Ex.PW) Deptt., vide their U.O. No. 22304/813/A1/Expr.PW/12, dated 25.8.2012.
